

## CNK & RUSD Extended Learning Hours

Cops 'N Kids encourages the love of reading through hands-on, fun-filled education. Our staff is composed of retired and current teachers who educate students. Our goal is to provide a positive learning environment for the children who attend. All of our learning services are free to children ages two through sixth grade.

Our classroom activities stress reading, writing, and language along with listening, completing assigned tasks, transitioning, cooperating, making nutritional food choices, and attending on a regular basis. Occasionally art and music programming is also incorporated into classes. Community Police Officers visit each group of children to read books and engage children in conversation to build good relationships. It is our goal to have the children transfer these important life skills to home, respecting yourself and each other, school and community activities.

### ***Margaret Drysdale Reading Program***

Children build their reading and social skills under the supervision of Cops 'N Kids executive director, Julia Witherspoon. Many base areas of learning kindergarten preparedness items including colors, shapes, numbers, vowels, and writing their name. Reading is shaped through story time, plus free books for them to take home and start their own library. Also core to CNK's mission, the students meet Chief Robinson and many other officers from the Racine Police Department.
